

Intercultural Education Praxis Seminar (Retreat) Program

The retreat program this year will be held in Izukogen on Mar. 22(Sat.) and 23(Sun.). This is a wonderful opportunity for you to exchange new knowledge, information, and ideas while relaxing physically and mentally at an “Onsen” (hot spring) by the sea. We have invited Dr. Yasuko Minoura, ecumenical professor of the Ochanomizu University, as a special guest to conduct a workshop entitled “Methods and Techniques for Fieldwork” during our Retreat. Dr. Minoura is one of the pioneers who introduce fieldwork method in the humanity field in Japan. She will introduce the efficient techniques to collect and analyze field data. We also have an exciting workshop facilitated by MusIIC members, Professor Kyoko Yashiro and Ms. Yoshiko Higuchi. Please plan to join us. Details of the retreat program will be sent to you later.
